

DSG Systems Awarded 8(a) STARS II GWAC Contract

Award is a welcome addition to Company's procurement vehicles for serving our Federal customers

Englewood, CO September 1, 2011 – DSG Systems, Inc., an SBA 8(a) certified provider of systems integration and management consulting services to the Federal government and Fortune 500 companies since 1995, was recently awarded the 8(a) STARS II Government Wide Acquisition Contract (GWAC) by the General Services Administration (GSA).

“This award enhances our ability to simplify and streamline the procurement process for our Federal partners and is a key element of our strategic planning,” said Rao Nalla, President. “For the government agencies this award offers a risk free and streamlined approach to access our information technology (IT) services and solutions. For our company, it's a significant milestone on our path to becoming one of the most respected and relied upon small business government contractors in the Denver, CO and D.C. regions.”

STARS II is a \$10 billion program (5-year base, 5-year option period) that prequalifies and selects IT equipment and services firms that meet stringent criteria including competitive pricing, technical proficiency and industry credentials. It is designed to make the acquisition process for federal agencies more effective and efficient.

The STARS II award adds to the arsenal of contract vehicles DSG Systems can offer in support of our Federal customers. DSG Systems currently delivers under GSA Schedule 70 and FAA eFAST for IT services. Accessing DSG Systems via these contracts assists Federal agencies in meeting performance and cost in the areas of strategy, technology and operations.

About DSG Systems

DSG Systems is an information technology (IT) and management consulting firm that provides enterprise solution management and integration services to the Federal government. DSG is appraised by the Software Engineering Institute (SEI) at CMMI Level 3 Dev for software development. Headquartered in Greenwood Village, CO, DSG Systems has a long history of providing best value IT consulting services to our Federal and Fortune 500 clients. A successful 8(a) program graduate in 2013, DSG retains the 8(a) sole-source flexibility and agency 8(a) credit through August 2012.

8(a) STARS II GWAC

Technology Solutions for Your Mission Requirements: 8(a) STARS II

8(a) STARS II GWAC

Introduction to 8(a) STARS II

8(a) STARS II is a multiple-award, indefinite-delivery/indefinite quantity (IDIQ) contract engineered to provide cutting-edge technology solutions from award-winning 8(a) small businesses to federal agencies. Using 8(a) STARS II will enable you to access 8(a) firms through an established contract vehicle instead of traditional, open market methods – saving time and taxpayer money.

Contract Scope

The scope of the 8(a) STARS II Governmentwide Acquisition Contract (GWAC) is centered on four functional areas (FAs), derived from the North American Industrial Classification System (NAICS). The contract offers simple to complex IT service solutions such as: IT help desk support, information assurance, cyber-security, virtualization, IPV6, Web 2.0, and more.

The 8(a) STARS II GWAC is structured with two tiers, known as constellations. The constellation design is new to the 8(a) STARS II GWAC, and offers additional features and benefits. Constellation I includes prime contractors who are technically proficient and offer competitive pricing.

Constellation II prime contractors provide the same strengths as Constellation I, plus the added benefit of either a Capability Maturity Model Integration (CMMI) Level II+ Services or Development credential, or an ISO 9001:2000 or 9001:2008 credential.

See the back of this publication for the features and benefits of using the 8(a) STARS II GWAC.

Ordering

Prior to issuing orders under 8(a) STARS II, federal contracting officers are required to receive training on the use of the 8(a) STARS II contract and be granted a written delegation of procurement authority from the GSA Small Business GWAC Center. Training is offered at no cost via:

- A self-paced, online course;
- Onsite training conferences and events;
- Web or video conferences; and
- Conference calls.

Smarter Solutions

Features	Benefits
<ul style="list-style-type: none"> • \$10B program ceiling and five-year base period with one, five-year option 	<ul style="list-style-type: none"> • Allows for long term planning of large scale program requirements
